JBS CHRISTMAS TRADING HOURS

Please take note of our Christmas Trading hours and also save the date for the JBS annual Christmas BBQ!

KINGSPAN AIR-CELL ® PERMIVAV XV

Australian-made Kingspan AIR-CELL Permavic XV is the next generation of vapour-permeable insulation. This insulation is specifically designed to reduce the risk of condensation in walls with cavities.

A MESSAGE FROM JL

Wishing you a very Merry Christmas and Happy New Year from Managing Director John Lindsay

PRICE INCREASES SAVE THE DATE

A MESSAGE FROM JL

Christmas sees the culmination of a busy year for all at JBS and provides an opportunity to recharge the batteries, ready for another no doubt busy year in 2022.

The frustrations of many manufacturer price increases along with supply issues has meant challenging times for customers and JBS in 2021.

As a business we remain committed to providing the best service at a competitive price, and to be the best we can.

Circumstances out of our control has seen this commitment severely challenged at times, but to be the best we can, remains our focus.

We sincerely thank you, our customers for your patience & support, and look forward to considerable improvement in the near future, in the areas of concern.

Wishing you a merry Christmas & Happy New year.

Stay safe as we celebrate the start of 2022.

John Lindsay
Managing Director
Johns Building Supplies

Wishing you a
Merry Christmas

FROM THE WHOLE TEAM AT JOHNS
BUILDING SUPPLIES

AIR-CELL® Permicanv® XV

Vapour-permeable Insulation for Walls with Cavities

- 3-in-1 insulation, vapour-permeable membrane and reflective barrier
- Wall cavities remain unfilled and accessible for services
- Water-resistant and unaffected by moisture

Thermal Performance

Kingspan AIR-CELL® Permicanv XV Total R-value

Application	Heat flow in	Heat flow out
Double brick cavity wall	R1.9	R1.8
Brick veneer wall	R1.8	R1.8

NCC 2019 prescribes different methods to determine Total R-value Calculations for Volume 1 and Volume 2

The R-values shown are Total R-values for the building element as required by the Energy Provisions of the NCC, calculated in accordance with AS/NZS 4859.2 2018 & as required NZS 4214. Kingspan AIR-CELL® products are manufactured, tested and packaged in conformance with 4859.1:2018.
