### PRODUCT RETURNS

JBS realises that mistakes are part of our industry & when it is ours we rectify in the most timely efficient way we can to minimise any impact on the customer. Where a customer has made the error we will assist as best we can, but we are bound by some considerations.

- If the product is made to order or a non-stocked item it is up to the discretion of the manufacturer if these goods can be returned. Any costs enforced by the manufacturer will be passed to the customer in full.
- Product being returned must be in a resalable condition (as determined by JBS and/or the manufacturer)
- **Highlighting metal door frames, these must be "clean" (not have any mortar residue) & must also have the spreader bars still attached.**
- There are costs involved in the return of goods & whilst we keep these to a minimum they will be applied at all times.
