TERMS AND CONDITIONS

5.1. How Scoring will be determined continued..

Margin: Yes - Margin will be required for 1 game of each round.

The margin system is used to find an outright weekly and overall winner. It ranks tippers by lowest margin when tipsters are tied on the same score. The lower your margin is the higher you will rank.

Tipsters are required to pick a 'margin' for the selected game in each round (usually the first game but this can vary depending on schedule changes). Tipsters simply choose for that game how much they think their selected team will win by. Note, margin value must be a whole number and not a range like 8-12 points or decimals.

Margin for an correct tip is calculated: Game winning margin - tipped margin

Margin for an incorrect tip is calculated: Game winning margin + tipped margin

Should Tipsters have the same score and margin:

Weekly ladder: The highest scoring tipster that selected and saved their tips for that round first is the weekly winner.

Overall ladder: The highest scoring tipster that joined the comp first is the winner.

5.2. Prize allocation

Prizes will be allocated to the leader of ladder after each sponsored prize round. Please note, not every round will have a prize winner. The leader will be determined by the most correct tips and lowest margin. This is auto generated by the iTip Footy Platform.

The Grand Prize will be allocated after all regular season games, and awarded to the leader of the ladder that has tips the most correct tips and the lowest margin.

5.3. All prize winners will be notified directly by Johns Building Supplies and arrangements will be made to ensure their prize is collected or delivered within a reasonable timeframe.
